HUSTLER'S HONEY
OCTOBER 1979

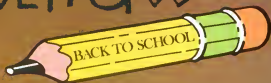

Lolita

The Lolita complex is one of the most common sexual fantasies of the heterosexual male. Many men fantasize about having sex with young girls—which is taboo in today's society. But many wives and girlfriends gratify and fulfill their men's fantasies by dressing and acting like adolescent girls . . . wearing pigtails and bobby socks. It's a harmless fantasy carried out by two adults. And, as our own Lolita reports, she too enjoys playing a little girl with her boyfriend.

MAKING WAVES

This couple is cooling off while they're getting hot. She can make anybody go down for the third time, so it's no surprise that he's diving right in.

Beaver Hunt

It's Indian summer... maybe the last chance this year to photograph your favorite Beaver outdoors. So dust off your camera lens and start clicking. HUSTLER is still paying 50 bucks apiece for photos of gals, guys and couples published in *Beaver Hunt*. And if we like the Beaver in your color snapshot enough, we might select her for an extended photo-

feature at professional models' rates. All photos become the nonreturnable property of HUSTLER Magazine. Send all entries to HUSTLER *Beaver Hunt*, 2029 Century Park East, Suite 3800, Los Angeles, California 90067. Be sure to use the model release on page 98 or a facsimile. And fill it out clearly so we'll know where to send your \$50.

Photo by Dean Gorgory

Twenty-year-old dancer and model Schray hails from Newport News, Virginia, where her hobbies are camping and motorcycle-riding. Her sexual fantasy is "to sit on Clint Eastwood's face."

Photo by Raulo Sanchez

Cheerful N. A. is a social worker from Edgewater, New Jersey. She's 24, and likes disco-dancing and gardening. Her favorite fantasy is to have a "ten-inch black cock in my mouth, cunt and ass all night."

Photo by Mike Martin

This smiling Beaver is Sue Chase, 23, from Seattle, Washington. She's a truck driver who enjoys swimming and hunting. Her sexual fantasies are "to fuck Mick Jagger and to have two stud foxes make love to me at the same time."

Meet 21-year-old Robin Leonard. She's a bartender from Fort Pierce, Florida, who enjoys waterskiing and photography. Robin wants to "drive down a busy highway while flashing her beaver," so we've sent her a map showing the way to Los Angeles.

Monkeying around is the chief hobby of Priscilla Primate, 27, a Kansas City chimp whose profession is public relations. Priscilla dreams of orgying with King Kong and the cast of *Planet of the Apes*.

Twenty-two-year-old Fran Pugh is a service representative who makes her home in New Castle, Delaware. She enjoys cooking, sewing, and arts and crafts, and her fantasy has now come true: to have her picture in HUSTLER, "knowing that millions of men are looking at my photo."

Rose Carille is a 24-year-old secretary from Vallejo, California. She's a swinger, and her fantasy is to have "an aggressive woman make love to me."

Photo by Mike McNeil

Temple, Texas, is home for 28-year-old Carmen O. Cortez, a medical secretary who likes dancing and swimming. Carmen hopes that two interns will one day give her simultaneous injections of "peter-cillin"—one in her cunt and one between her lips.

One for the Ladies

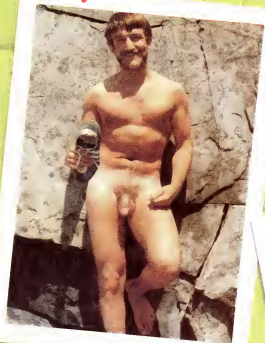

Photo by Harry Blaisdell

Thirty-one-year-old Harry Blaisdell is a poet and used-bicycle-seat collector from Boston. More than anything else he wants to have his poem published in *HUSTLER*, so here it is:

I slip my dick in lots of holes,
'Cause nothing could be bleaker
Than being bored enough to want
To keep it in my sneaker.

Photo by J.D. Neal

A 20-year-old waitress, Beverly Linsdale likes to fly kites in the sun near her home in Palm Desert, California. Beverly's erotic fantasy is to make love with her boyfriend while watching an X-rated movie.

Photo by W. L. Cerbin
